

# Job description

## Haere mai

This job description is your go-to place for all the ins and outs of this role at Internal Affairs

## UX Designer

### Government Information Services, Information and Knowledge Services

#### Role Purpose

The role will have responsibility for working with agencies to agree an information architecture and digital design that best meets user and agency needs.

- **Reporting to:** Capability Manager
- **Location:** National Library, Cnr Molesworth & Aitken Street, Wellington
- **Salary range:** Information Technology Band H

### What we do matters – our purpose

Our purpose is to serve and connect people, communities and government to build a safe, prosperous and respected nation.

In other words, it's all about helping to make New Zealand better for New Zealanders.

### How we do things around here – our principles

#### We make it easy, we make it work

- Customer centred
- Make things even better

#### We're stronger together

- Work as a team
- Value each other

#### We take pride in what we do

- Make a positive difference
- Strive for excellence

### Working effectively with Māori

Te Aka Taiwhenua – our Māori Strategic Framework – enables us to work effectively with Māori. We accept our privileged role and responsibility of holding and protecting the Treaty of Waitangi / Te Tiriti o Waitangi.

What you will do to contribute	As a result we will see
<p><b>Design for digital</b></p> <ul style="list-style-type: none"> <li>• Provide user-centred design solutions to make digital information easier to find, access and use – taking into consideration the needs of a range of users e.g. low literacy, visual and hearing impairments etc.</li> <li>• Ensure design principles, standards, methodology, practices and tools that are fit for purpose.</li> <li>• Work with colleagues to conduct user research and testing and integrate it so it forms part of the design and development process.</li> <li>• Advise on the web design elements of pieces of work.</li> </ul>	<ul style="list-style-type: none"> <li>• Product content and functionality will continue to grow and evolve based on evidence of user need.</li> <li>• Contribute to GIS reputation as a leader in digital design.</li> <li>• GIS will lead the way in designing for people with low literacy and English as a second language and for people with disabilities.</li> </ul>
<p><b>Build capability across government</b></p> <ul style="list-style-type: none"> <li>• Advocate by doing - show the value of digital design by providing your expertise for the wider GIS team.</li> <li>• Share expertise and examples to show the value to digital design via blogs, case studies, workshops, conferences etc.</li> </ul>	<ul style="list-style-type: none"> <li>• Agencies across government will increasingly adopt customer centred digital design principles.</li> </ul>
<p><b>Stakeholder Management</b></p> <ul style="list-style-type: none"> <li>• Establish, build and maintain effective working relationships with key stakeholders both internally and externally.</li> <li>• Influence stakeholders who have not yet been introduced to design thinking concepts and the importance of user-centred design.</li> <li>• Understand the context of the government and wider digital technology landscape.</li> </ul>	<ul style="list-style-type: none"> <li>• Agencies increasingly using design thinking to create customer centred digital services.</li> </ul>
<p><b>Health and safety (for self)</b></p> <ul style="list-style-type: none"> <li>• Take responsibility for keeping self free from harm.</li> <li>• Follow safe working procedures.</li> <li>• Report incidents and hazards promptly and suggest remedies where appropriate.</li> <li>• Know what to do in the event of an emergency.</li> <li>• Co-operate in implementing rehabilitation plan.</li> </ul>	<ul style="list-style-type: none"> <li>• Health and safety guidelines are followed.</li> </ul>
